

Budget & Appropriations

Providing strategic advice and practical assistance with federal decision-makers to develop solutions for today's budget & appropriations challenges.

Cornerstone Government Affairs has assembled one of the most experienced teams in Washington, D.C. Members of our team maintain working relationships at all levels of the legislative and executive branches and have a complete understanding of the budget, appropriations and procurement processes of the federal government. We work with our clients to navigate the maze of federal funding sources and assist in identifying opportunities and implementing strategies to secure funding such as competitive and non-competitive grants, program funding and loan guarantees.

Part of the Cornerstone team are several former Appropriations Committee staff members including former staff directors of several different appropriations subcommittees.
